Message du livre d'or :

**A pleasant stay, despite some inconvenience. Sorting our garbage is good, but when our garbage is not removed every day, it becomes very difficult. Moreover, the provision of a single bottle in the bathrooms did not convince us regarding hygiene. Thinking that anyone could have used the same shower-gel as me doesn't make me feel very comfortable. As it was not possible to have single-use bottles, we had to buy our own shower-gel. We only had dinner one night at the table. Exchanges can be friendly but when some people don't respect tranquility and let their children scream and run around, it becomes awkward. Nevertheless, the staff was welcoming and warm. Best regards, Emma**
