Subject :	Information needed about new packages

As you know we organize stays for our **individual** customers in France very regularly.

Our customers really enjoyed the Biarritz area last year so we are planning “week-end breaks” or “mid-week breaks” for October or April next year.

Your website mentions a new “Initiation au golf” package .Could you give us more information about it?

*When is the package available and which season do you think is best?

*What does the package include?

* How much do you charge for it?

* Could the package suit couples with children? (babies / young children and teenagers)

Looking forward to your reply,

Best regards,

Kathy Barron
