Dear Sir, Dear Madam,

We intend to stay at your hotel from July 1st to July 7th but would like to get some information before actually booking. There will be the 4 of us : my husband, our two children, Mark , 8 years old , Linda, 5 years old and me.

Does your hotel provide a secured car park and if yes, how much would it be?

On July 4th, we have planned a tour of the region but reckon it might be too long for our kids so we would like to know if you provide a nanny service and if yes, are these nannies qualified?

In early March , I was operated and have not fully recovered so I would like to know if there are possibilities for cares and treatments while at the hotel. Please let me know what the conditions are.

Finally, my husband intends to enjoy water sports with our kids resort. Could you please tell me what activities are on offer .

I thank you for considering my requests and look forward to hearing from you.

Yours sincerely,

Samantha Andrews
